NOMINATION OF STUDENTS.

REGULATIONS AND PREPARATORY INSTRUCTIONS.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college will be required to address the following letter to the nominating Director:—

"SIR.—I beg to assure you, on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or Navy, and that he never has been expelled from any place of education. "I have the honour, to be, &c."

By the Act of the 33d of Geo. III, no person can be appointed a writer in the company's service whose age exceeds twenty years; and by the Act of the 53d of Geo. III, all students for the college must remain there four terms—consequently, no person whose age exceeds twenty, can be nominated as a student. Although terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to remain to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto.

A certificate agreeably, to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of _____, in the county of _____, contains the date of the birth of my son _____, who is the bearer of this and presented for a nomination as a student at the East India College, by _____, Esq., and I do further declare, that I received the said presentation for my son _____ gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly, or indirectly, for the same; and that I will not pay or cause to be paid either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above-mentioned."

"I witness my hand, this _____ day of _____, in the year of our Lord _____."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a magistrate, to the following effect, viz.

"I, _____, presented as a student for the East India College by _____, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of _____, in the county of _____, on _____, in the year _____, and that I am not at this time under the age of sixteen, or above twenty years."

"Sworn before me

day of _____

}
}
}

"Witness my hand, this _____ day
of _____, in the year of our
Lord _____"

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above mentioned certificate (and affidavits in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidate, and they to sign a declaration in relation, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates from the persons under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and are certifying as to their mental ability, disposition, and character.

Candidates will be interrogated in an open Committee of College as to their character, connexions, and qualifications, conformably to the General Court's resolution of the 6th July 1809.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Council) binding himself to pay the sum of £1000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student, notwithstanding he is in any way bought, or sold, or exchanged for any thing considerable or necessary benefit.

Misconduct of students at college will be attended with expulsion therefrom, and those who do not pass with credit the final examination, will not be admitted into the civil service of the Company. A student expelled the college will not be admitted into any of the Company's Civil Establishments, or into the Company's Military Seminary.

DEDUCTION FROM SALARIES.

Government has established the following Rules, in respect to the deductions to be made from the Salaries of persons absent from their stations, whether on account of bad health, or on account of their private affairs, likewise on other points connected with such absence.

A deduction of one-sixth except in the cases below stated to be made from Salaries or authorized Emoluments of all Civil Servants compelled to leave their stations on account of sickness, during the whole period of their absence.

This Rule however is not to apply to Zilla or City Registers or to other Individuals whose Allowances may not exceed 500 Rupees per mensem. It is not intended to make any deduction from the Salaries of Civil Servants holding such appointments, when absent from their stations on account of bad health.

In cases in which the Salaries or authorized Emoluments of Civil Servants exceed the sum stated under the foregoing Head only in a small degree, but a deduction at the rate of one-sixth will reduce the remaining proportion below 500 Rupees per mensem it is the intention of Government, that the deduction should not be carried to the full extent of one-sixth, but only so far as will leave to the Individual the monthly sum above mentioned, of Six hundred Rupees 500.

A deduction at the rate of one-sixth to be made from the Salaries or authorized emoluments of all Civil Servants, stationed within the divisions of Bareilly and Benares, or as they are occasionally nominated to various services, who may with the sanction of Government, be absent from their stations on account of their private affairs during any period not exceeding six weeks in the year.

A deduction of one-sixth to be made from the Salaries or authorized Emoluments of all Civil Servants stationed in the Lower Provinces who may with the sanction of Government be absent from their stations on account of their private affairs, during any period not exceeding six weeks in the year.

A deduction of one-third to be made from the Salaries or authorized Emoluments of Civil Servants who may be absent from their stations on account of their private affairs (and not on account of sickness) for periods of time respectively, exceeding those specified under the foregoing Heads in proportion according as the Rules contained under these Heads may apply to the cases.

DEPUTATION ALLOWANCE TO CIVIL SERVANTS.

Deputation Allowance is granted to Civil Servants in conformity with the orders of the Right Honorable the Governor General in Council dated 1st March 1817, when deputed to act at a distance from their own stations, in any capacity. A certificate must be furnished on the date on which they receive charge, as the allowance is not to commence till that period, and also a certificate on their ceasing to perform charge, (the allowance ceasing on that day,) which must be furnished to the Civil Auditor, accompanied by the first and last bills when sent for audit.

DEPUTATION ALLOWANCE.

Exceeding sicca rupees 2,000	sicca rupees 350.	sicca rupees 500.

The Extra Allowances specified in the foregoing Statements are intended to preclude all claims on the part of the individual officiating on commission, which is considered to belong to the fixed incumbent, even during his absence subject of course to the prescribed deduction.

The extra and Deputation Allowances above specified are to be considered applicable to Civil Servants in every branch to the Service, with the exception especially provided for below.

The GOVERNOR GENERAL IN COUNCIL will determine the amount of the Extra or Deputation Allowances to be granted to persons officiating as Secretaries to Government or as Residents at Foreign Courts, as circumstances may in each instance render advisable. The same course will likewise be pursued, when Officers may be constituted for the attainment of local or temporary object, similar to those at present held by the Commissioners in Behar.

When the Register of a Provincial Court, or the Assistant to a Magistrate, shall be nominated to the charge of the Office of Register of a Zillah or City Court, at the same station as that to which he is permanently attached he is entitled to receive the Fees authorized by the Regulation on all Suits actually decided by himself, as well as the Fees for registering Deeds, an arrangement which renders any further Extra Allowance unnecessary.

In those cases in which the Gentleman appointed to officiate in the situation mentioned under the preceding head, may belong to a different station an Extra Allowance is to be granted at the rate of 5 Rupees per diem.

60 DEPUTATION AND OTHER ALLOWANCES. [DIRECTORY

Judge or Magistrate of a Zillah or City Court, Collector of Land Revenue or of Customs, Commercial Resident, Salt Agent or His Assistant and Opium Agent or His Deputy

Whenever the services of any of the Officers enumerated above may be required in the interest of their Districts or at any place within the limits of their respective local duties, no extra Allowance for travelling, or on any other account, is to be given.

The foregoing Rule is not however to be considered applicable to the Superintendent Salt Chokees when the ground of established usage will be authorized to charge in a contingent Bill the bona fide expenses incurred by them in travelling through the extensive tracts of country respectively committed to their superintendence.

Magistrate, Collector of Land Revenue, Ditto of Customs, Opium Agent and Commercial Resident

When a Register to Provincial Courts, or Assistant to any of the Officers enumerated above shall be deputed into the interior of the Districts to which they are attached or employed at any place within the limits of their respective local duties, they are to receive an Extra Allowance at the rate of Rs. 10 per diem.

When a Register or Acting Register of a Zillah or City Court shall be deputed or employed in the manner stated on or the foregoing head, he is to receive an Extra Allowance at the rate of Sixty Rupees 10 per diem.

The additional Extra Allowance stated in the preceding head is not added to compensate for the loss of Fees, to which the Officer so deputed or employed will be subjected during his absence from his local station.

The Orders of Government in the Judicial Department of the 13th October 1869 in regard to Absentees are to be put into effect.

The Orders direct, that any Civil Officer who may be absent, shall forward a Certificate to the Auditor's Office, signed by the person to whom he may deliver over his office and from whom he may assume the charge. This Office specifying the date on which he may have relinquished, a date which he may have resumed charge respectively.

In cases in which it is not necessary, from the nature of the appointment, to depute a Civil Servant to relieve an Officer who has obtained leave, the individual leaving his station is to forward to the Auditor a certificate from his immediate superior in Office or if he should have no immediate superior in Office, or if circumstances should render it impracticable to obtain such certificate, a notification attested by himself, stating the date of his return.

The Civil and Commercial Auditors will be instructed to pass a Bill for Extra Deputation Allowance, as provided for by the foregoing Rules, without the delay of a reference to Government, and the certificate stated in the preceding paragraph is to guide them in regard to the periods during which deduction are to be made from the Salaries of Absentees, and in respect to the date from which the Extra and Deputation Allowances are to commence and the periods when they are to cease. G. G. in C. 1st March 1817.

A Register acting as Magistrate only, will receive 200 Rupees per Mensem, if acting at the same Station, and 60 Rupees per Mensem if acting at another Station, while a Register officiating both as Judge and Magistrate will receive in the former case 350 Rupees and the latter 500 Rupees per Mensem. G. G. in C. 30th May 1817.

APPENDIX TO THE RULES, PASSED ON THE 1st MARCH, 1817.

SECTIONS 20, 27, 31, AND 32, ARE ABROGATED.

In Section 30, strike the words "Registers or Acting Registers of Zillah or City Courts" are to be substituted for the words, "Registers to Provincial Courts," which Appointments have been abolished.

The words "Joint Magistrates," are to be added in the Margin of Section 28.

Under the foregoing modifications, the case of an Assistant Officiating as Register or as Magistrate, or as Magistrate, or as Judge and Magistrate, and of a Register Officiating as Joint Magistrate, or as Judge and Magistrate, will come within the Provisions of Section 22.

The following addition is to be made to the 7th Article of the Printed Rules—
"In cases in which it may from ill health be unable to perform their duties, and who may in consequence be compelled to deliver over charge of their Offices to another person, shall be subject to the specified deductions, although they may not actually leave their Stations."

PART III.] DEPUTATION AND OTHER ALLOWANCES. 61

The following revised scale of deductions to be made from the Allowances of Civil Servants proceeding to Sea, or beyond the limits of the Presidency to which they belong, for the benefit of their health, under the prescribed Certificates, is authorized by Government, and is to take effect from the 1st of May, 1897.

Civil Servants proceeding to Sea, or beyond the limits of the Presidency to which they belong, on certificate on ill health, if absent for a period not exceeding Two years, to be subjected to a deduction of 1-10th from their Allowances. If necessarily absent for any longer period beyond Two years and not exceeding two and a half years, to be subjected to a deduction of 1-5th for each additional period, and if the term of absence shall exceed two and half years, the whole of the Allowances of the Absentee to cease from the expiration of that period.

On Salaries and Allowances exceeding 2,000 Rs per Mensem 1-6th for one year and 1-4th for the next Six Months. Thereafter the Allowance of a Servant out of employ is to be granted.

The exceptions above alluded to are those contained in the 8th and 9th Clauses of the Regulations established in March 1877, with such modifications as may be required by the foregoing rules.

In the first of those Clauses it is stated that no deduction is to be made from Allowances which do not exceed 500 Rupees per Mensem, and by the second it is provided that in cases in which the Salaries or authorized Emoluments of Civil Servants exceed 500 Rupees per Mensem, only in such a small degree that a deduction at the prescribed rate would reduce the remaining proportion below 500 Rupees per Mensem, the deduction shall be carried only so far as will leave to the Individual the Monthly sum of 500 Rupees.

We direct that these Rules of exception have effect during one year only: that for the next Six Months, a deduction be made at the rate of 1-8th, and that thereafter the individual, if a Factor or Writer, receive not as in other cases merely the Allowance of a servant out of employ, which in that event would amount only to 162 Rupees per Mensem, but the Allowance of a Junior Merchant-out of employ, viz. 244 Rupees per Mensem.

Gen. Dept. September 25, 1893. }

The Right Honourable the Governor General in Council having taken into consideration the severity with which the operation of the Rules relative to deductions from the Allowances of Absentees on account of ill health, passed, on the 25th September last, will as they now stand, affect the interests of many of the Civil Servants at present absent beyond Sea, for the benefit of their health, has been pleased to determine, that the former Rules of the 25th March, 1892, shall remain in force as applicable to such Individuals actually absent at the Cape of Good Hope, or other places, within the limits of the Honourable Company's Trade, for such a period as may afford them the opportunity of returning within a term not exceeding in any case Six Months from the time, when the intimation may reach the place of residence of the persons in question; or be otherwise communicated to them.

Memoranda.

COMMANDER IN CHIEF.

G. O. JANUARY 14, 1823. The Commander in Chief will receive the Heads of Departments, or during their unavoidable absence their Deputies or Assistants, on Public business from 10 to 12 o'clock in any of the days of the week, excepting Council days and Sundays.

His Excellency will receive all other Officers and Persons who may wish to see him on business on Mondays after 12 o'clock.

In cases of public emergency it is to be understood that the Commander in Chief, is to be seen at any time without exception day or night.

APPLICATIONS TO HEAD QUARTERS.

G. O. C. C. 21st JANUARY 1823. The Commander in Chief feels it necessary to apprise the Army at large that there are very few cases, and those of the most urgent nature, in which he can feel himself justified in dispensing with that most salutary Rule of Discipline and good Order which prescribes the Forms and Channels in and through which applications are to be made to Head Quarters, for Leaves of Absence, Promotions, and Appointments.

It is quite impossible to hold Commanding Officers of Regiments responsible for the important charge with which they are entrusted, if their legitimate authority and controul over the members of their Corps is not duly maintained and upheld.

They alone are the fit judges in the first instance of the merits and claims which entitle the Officers and Soldiers under their Command to indulgence and consideration, and it is consequently to their judgement and recommendations the Commander in Chief mainly looks, for that information which may enable him justly to determine upon the applications which are submitted for his decision.

All Applications involving the Patronage of the Commander in Chief, are to be addressed to His Excellency's Military Secretary.

LETTERS TO HEAD QUARTERS.

All Letters to Head Quarters to be written on foolscap Paper, and if more than one side be written upon, the whole sheet to be sent. The Envelopes of Periodical Papers to bear on the outside a description of the enclosures, such as "Monthly Papers of the Battalion," "Register Report," &c. vide G. O. C. C. 19th June, 1817.

G. O. C. C. 16th July 1824. All Letters addressed to Head Quarters for the information of the Commander in Chief are in future to have the date inserted at the top instead of at the end, as at present obtains.

OFF-RECKONING FUND.

No claim against the Off-Reckoning Fund, for compensation in lieu of Clothing for any period in arrears exceeding two years, can on any account be admitted. Officers through whose neglect Clothing had neither been furnished nor Compensation in lieu thereof obtained for the individuals under their Command, are to satisfy such claims, vide G. O. 13th September, 1816.

NATIVE SOLDIERS' DISCHARGES.

Native Soldiers physically unfit for the Service or convicted of Theft before a Court Martial can be discharged by Commanding Officers of Corps without reference to Head Quarters, vide G. O. 24th October, 1812, and 14th April, 1813. In all other cases an application must be made to Head Quarters, accompanied with a minute Descriptive Roll and the Proceedings of Courts Martial or Courts of Enquiry which have been instituted on the Subject. In the event of Corporal Punishment being awarded with a recommendation for the Prisoner's dismissal from the Service, the Sentence is not to be carried into effect until orders on the Subject are received from Head Quarters, vide G. O. 2d May, 1815, and 5th January, 1816.

MILITARY AUDITOR GENERAL.

All Appeals against decisions of the Military Auditor-General must be made, without delay, to the Governor General in Council, through the Channel of the Pay and Audit Departments.

APPLICATIONS FOR LEAVE OF ABSENCE.

G. G. O. Dec. 12, 1818. The Most Noble the Governor General in Council is pleased to lay down the following Regulations, in regard to the mode, in which applications for leave of absence, to proceed to sea, or on Furlough, are to be submitted to Government, by Staff Officers, whether attached to the Civil or Military Departments of the Service.

MEMORANDA:

1 Officers employed in Public Departments and Officers at the Presidency, shall transmit their applications for leave to proceed to sea, or on Furlough, to the Adjutant General of the Army, for the purpose of being submitted to Government, under the orders of the Commander in Chief; and shall, at the same time, make the necessary report of the circumstance to the head of the Department under which they may be employed.

2 Officers holding situations away from the Presidency, and whose duties may be considered as purely Civil, such as Residents, Civil Surgeons, &c. shall, in the first instance, obtain leave to repair to the Presidency, from the authority under which they are immediately acting; and on their arrival there shall submit their applications for the ultimate leave, thro' the Adjutant General of the Army.

3 Officers serving on the Staff, in the Military Department, away from the Presidency, shall, thro' the prescribed channels, transmit to the Adjutant General of the Army their applications for permission to come to the Presidency, preparatory to submitting their request to be allowed to proceed to Sea, or on Furlough.

An Officer absent beyond the Presidency of Bengal and unable to procure a return Passage within the time for which leave was granted, is invariably to provide himself with a Certificate from the Commanding Officer, Resident Chief, Town-Major, or other superiour Officer of that place at which he may be, certifying to that effect, and without which his Allowances will be forfeited from the expiration of the period of leave of absence.

All Officers proceeding on leave of absence by Sea, are directed to furnish themselves from the Department of the Adjutant General of the Army with an Official Copy of the General Order granting such leave.

APPLICATIONS FOR SHIPPING ORDERS.

G. G. O. Dec. 4, 1823. In order to prevent an unnecessary multiplication of business, it is notified to the Officers of the Army, that in their application to the Department of the Adjutant General for Shipping Orders, whether they be about to embark on the Ships of the Honorable Company or on Private Vessels, they are to state the Names of the Individuals composing their families, who are to embark with them, in addition to their own.

Officers not having Families are to insert the words *no Family* in their applications for Shipping Orders.

The Shipping Order for Servants, Natives of India, proceeding to Sea with Individuals, is procured on application direct to the Secretary in the General Department, on the prescribed Deposit being lodged in the General Treasury.

His Excellency the Commander in Chief is requested to direct, that all applications not made in conformity with the above directions shall be returned to the parties.

No. 323 of 1824. — In orders to prevent unnecessary applications, it is hereby notified, that Officers obtaining leave of absence, do not require Shipping orders to proceed merely from Port to Port in India, on private Ships, a copy of the General Order granting such leave being considered sufficient authority for their reception: Certain regulations, however, peculiar to the Regular and Chartered Ships of the Hon'ble Company require the issue of the Shipping Order, when an Officer proceeds on one of those Vessels.

For Officers proceeding to the Cape of Good Hope, &c. and eventually to Europe, Shipping Orders are necessary.

REPORTS ON ARRIVING AT OR QUITTING THE PRESIDENCY.

G. O. C. C. Nov. 10, 1823. The Commander in Chief finds it necessary to republish the existing Regulations respecting the Reports required from Officers coming to the Presidency, and to direct that they be strictly complied with in future. The General Officer Commanding at the Presidency is requested to take immediate notice of any neglect of these orders which he may observe.

2 Officers arriving at the Presidency from Furlough, from Sea, or on leave, are to report their arrival at the Office of the Adjutant General, and of the Town Major, as well as to the Officer Commanding the Presidency Division (at Barrackpore). On leaving Calcutta, either to embark on board Ship or to rejoin their Station, they are enjoined to report the circumstance to the same authorities. These reports may be made in writing if indisposition should prevent an Officer from making them in person. All Officers coming to the Presidency are to report in writing their place of residence, or address, to the Adjutant General, and to the Presidency Major of Brigade.

3 In addition to the report abovementioned, Medical Officers are to report to the Secretary of the Medical Board; Officers in the Ordnance and Barrack Department to the Secretary to the Military Board; and other Staff Officers generally to the Head of their Department.

4 All Officers are directed during their residence at the Presidency, to attend occasionally at the Town Major's Office in Fort William, or at the Brigade Office at Barrackpore for the purpose of making themselves acquainted with the General Orders that have been issued from time to time.

G. O. C. C. March 29, 1823. All Officers coming to the Presidency, whether on duty or leave of Absence, are reminded of the Standing Order of the Service, by which they are required to report their Arrival and Departure to the Town Major of Fort William.

G. G. O. May 21, 1822. The Most Noble the Governor General in Council directs, that every Officer in the Honourable Company's Army on the Bengal Establishment, quitting his Corps or Station on Sick leave, shall procure from the Medical Officer who has attended him, in addition to the Certificate prescribed by General Orders of the 15th July 1807, a detailed Statement of his Case, with an Account of its Symptoms, past treatment, present State, and the Opinion of the Medical Officer as to what Change of Air, whether the River, Sea, Cape of Good Hope, or Europe, may be necessary for the restoration of health.

When the Sick Officer has occasion to apply to any other Medical Officer for Assistance after having left his Station, he is to submit the beforementioned Statement to such Medical Officer, together with a Copy of the Medical Certificate, and the Medical Officer will mark such Observations on the Statement, as the nature of the Case may require.

On the arrival of a Sick Officer in Calcutta, he is to apply to a Presidency Surgeon, submitting the Statement and Medical Certificate before mentioned, when the Presidency Surgeon will either direct him to wait on the Medical Board furnished with a Certificate from himself, or retain him under his own care, as may to him appear necessary.

The duty of Examining Sick Officers at the Presidency, is to be taken in rotation by each of the Members of the Medical Board, the Secretary of which will acquaint the Adjutant General of the Army with the name of the Examining Member on the 1st day of each Month.

In case an Officer falls ill when absent from his Corps, he is to procure the prescribed Statement and Certificate from the first Surgeon he may apply to, following the directions above given in his subsequent proceedings.

The Examining Member of the Medical Board being satisfied on a perusal of the Statement and a personal examination of the Sick Officer, that a Voyage to Europe, or to Sea, is absolutely necessary towards recovery, he will countermand the Certificate to that effect, which will have been previously granted by the Presidency Surgeon.

Every Company's Officer desirous of proceeding to Europe or any place beyond Sea, is to send his Application to the Adjutant General, accompanied by a Certificate from the Presidency Paymaster countersigned by the Accountant Military Department, that no demands exist against him in the Pay Department, (or in lieu thereof, in the event of his being unable to procure such Certificate from his accounts being unadjusted, by an Engagement on the part of some respectable house of Agency to be responsible to Government for any claims that may eventually appear against him in the Pay Department) together with a Medical Certificate, signed as before stated, if the application be grounded on ill health. The name of the Vessel on which he intends to proceed to be stated in the application, or as soon after as practicable, with a request for authority to be received on board.

Officers proceeding to Sea, who omit to send to the Secretary to Government Military Department, and to the Adjutant General, Certificates signed by the Pilot, of the date of dispatch of the Vessels on which they proceed, have their leave of absence calculated from the date of the Government General Orders granting the indulgence, instead of from the date of the Pilot's quitting the Ship; vide G. G. O. 25th Sept. 1810.

ALLOWANCES OF OFFICERS ON LEAVE.

G. G. O. Sept. 15, 1821. In obedience to instructions from the Honourable the Court of Directors, the following Regulations which are to have effect from this date, respecting the Allowances to be drawn by Officers on Leave of Absence from their Corps, or from the duties of their Staff Appointments, are published for the information of the Army. The Regulations contained in General Orders of the 21st

October 1820, relative to leave of Absence beyond the limits of the Presidency of Fort William, are accordingly cancelled, with exception to the form and description of Certificates required to be furnished by Officers applying for leave.

"Every Officer, not being a Staff Officer, who shall obtain Leave of Absence on Sick Certificate, shall be permitted to draw, whilst to the Eastward of the Cape of Good Hope, or at the Cape of Good Hope, or at St. Helena, his full Regimental Allowances, for the time during which such Certificates shall testify, that leave of Absence is, or continues to be absolutely necessary for the re-establishment of his health, and to no later period.

"Every Officer, not being a Staff Officer, absent from his Regiment, on his private affairs, by leave from the Government, or the Commander in Chief, shall be permitted to draw his full Regimental Allowances for the period of Six Months from the date of his quitting his Corps, and to no later period.

G. G. O. Nov. 28, 1821. Pending a reference to the Honorable the Court of Directors, the Most Noble the Governor General in Council is pleased to publish the following regulation to the Army, in modification of that under date the 15th September last, relative to the period therein limited, for which Military Officers absent on their private affairs, from their Regiment or Stations, by leave of Government or of the Commander in Chief, shall be entitled to draw their full Regimental Allowances, and in case of Staff Officers, a moiety of their Staff Salary; this modification being only applicable when Officers require on urgent business to visit the Presidency.

Within the line from Cuttack, Sumbulpoor, Allahabad, Purnahgurh, Sultanpore Oude, Goruckpoor, and along the frontier to Chittagong, the regulation of the 15th September, is to continue in force, to the full extent of the period therein specified, or otherwise, agreeably to proximity with Calcutta, at the discretion of the Commander in Chief.

To Officers proceeding from Cawnpore, Lucknow, Secorah, Seetapore, and the Stations in Bundelcund, the period is extended to Seven Months.

REGULATIONS REGARDING DRESS.

G. O. C. C. JUNE 8, 1821—The Commander in Chief takes the present opportunity to signify his disapprobation of any fanciful alteration being made either in the dress or undress Regimental Uniforms by Commanding Officers, and all such which may have been adopted without the sanction of His Lordship the Adjutant General, are to be immediately laid aside.—No device or ornament is to be worn on the Strap of the epaulet not authorized by the rules issued in General Orders dated 16th October 1801, which are to be strictly attended to, with the exception of Officers having the Rank of Colonel by His Majesty's Brevet, who are in future to wear a Crown and one Star on each epaulette, instead of two Stars as directed in the Order above mentioned.—No Officer under the rank of a field officer is to wear two Epauletts. Officers of Grenadiers are to wear suitable Wings as at present in use with Officers of Light Infantry. The Wings of Grenadier Officers are to be with Scales instead of Chains, and to have a band grenade on each.

Regimental Officers of all Ranks are reminded that, though Cocked Hats are permitted to be worn with the full dress,—long Coats, Breeches, Stockings, and Shoes—it is improperly adopted by them with their Field Uniforms, and is strictly forbidden, as well as the Foraging Cap in which some Officers make their appearance in the Evening. On such occasions the Regimental Chako is the only allowable Head-dress.

G. O. C. C. MARCH 18, 1822. The Commander in Chief is pleased to notify to the Army, that the Coats for the year 1823, due on the 1st January 1824, will be made with the distinctive facings of each Regiment.

This early intimation is given for the information of the European Officers, that they may be prepared to make a corresponding change in their dress; but this is not to take place until Clothing with the new facings shall be issued to Corps respectively; and the Clothing Agents are reminded of the General Order of 7th July 1817, directing them to notify to Commanding Officers when they are enabled to commence upon the preparation of Coats with the prescribed facings for their Regiments.

The Commander in Chief has thought proper to continue the present uniform double breasted Jacket, which is to be worn with the lappels buttoned over when on duty.

The Raggy or Swiss Jacket, with loose white Linen Overalls or Trowsers for the Hot weather, and Grey Woollen Trowsers for the Cold season, is permitted as heretofore on the line of march, on duties of fatigue at Regimental drills, and in situations not connected with Parades or other public occasions. It must however be kept in mind that the original object of this indulgence was to supply a suitable light and cheap uniform for such occasions. It is the effort to be quite plain with the Regimental Cuff, Collar, & Buttons; but without lace or embroidery.

Officers are also permitted to wear as an Undress Cap, along with the Swiss Jacket, a plain light Chakos with an Oil-skin Cover but without scales or feathers. G. O. C. C. APRIL 8, 1922. Several instances of a wide deviation from the Regulations in force respecting uniformity in Dress having been lately brought to the Commander in Chief's notice. His Lordship finds it necessary to call the attention of Officers Commanding Divisions, Stations, and Corps, to the existing Orders on this subject; and to desire that they will see them obeyed by all under their Command. It must be kept in mind that no inferior authority is competent to sanction any departure from the Rules laid down by the Commander in Chief in General Orders; and no Article of Dress or Equipment ought to be adopted, or altered, in any Corps, without His Excellency's authority being previously obtained.

2. His Lordship desires to take this opportunity of explaining some points relative to the Orders regarding Dress, which appear not to be clearly understood; and to add one or two Regulations which are wanting.

3. The Regulations regarding Military Dress and appearance were never intended to apply to Officers when engaged in Field Sports, or in active recreations, (such as Fives or Cricket,) but those who go out for Morning exercise about the Station, are expected always to appear in a Military Uniform. The Regulation Undress Jacket and Cap (with a Great Coat when the weather requires it) furnish a Dress which is perfectly convenient, and well adapted for such occasions.

4. On visits of Ceremony, and on other public occasions where Officers (not on Duty) are expected to appear in full Uniform, the Sworn man, at the option of the Officer, be worn under the Coat, attached to a Waist Belt of narrow white silk, without any plate. The Coat may be worn open, and the Sash is dispensed with.

5. The Commander in Chief is disposed to show every reasonable indulgence on account of the Climate. During the Hot Season heretofore, His Excellency does not require that Officers who are not on duty, shall wear their Regimentals during the forenoon, except on occasions of Ceremony, but on the other hand, he expects that no person shall go abroad in the forenoon being properly dressed in his Uniform. Loose Trowsers or Overalls with Ankle Boots have been permitted as an Undress, but on all occasions of Dress or Ceremony, tight Pantaloon (or White Kerseymere, Web, or Cotton, according to the Season) and half Boots are to be worn.

6. Uniform great Coats are authorized to be worn by Officers on the line of march, on Out-Posts, and on all duties of fatigue. Those for the Infantry to be of Regulation Grey, and similar to those worn by Officers of His Majesty's Regiments of Foot, Cavalry, and Staff Officers to wear blue great Coats similar to those worn by Officers of Dragoons and by Staff Officers in His Majesty's service.—The Officers of Artillery are also to wear Uniform blue great Coats. No alterations in the patterns now adopted is to take place without authority from Head-Quarters; and after the 1st of October next, no Pelisses or Cloaks, or any other but the Regulation great Coat now prescribed, is to be worn by Officers on the Line of March, or on duty.

Witness my hand, this ——— day of ——— in the year of our Lord ———."

No. III. (*Certificate from the person who obtains the nomination from the director.*)—Gentlemen,—I do hereby declare upon my honor that I received the nomination of a cadet for the ——— from ——— gratuitously, and that I have given it gratuitously to Mr. ———, with whose family and connections I am well acquainted.—I am, Gentlemen, your most obedient servant,
To the Honorable Court of Directors of the

United East-India Company

No. IV.—(*Medical Certificate.*)—" This is to certify, that Mr. ——— has no mental or bodily defect that may disqualify him for military service."

QUALIFICATION. The cadet must write a good legible hand, as he will be required to write down a sentence from dictation by the Head Master, and if he should be found deficient in this respect, or in his Orthography, his reception into the Institution will be suspended for such length of time as the Head Master shall report to be necessary; he must be able to read and construe Cæsar's Commentaries, and be expert in vulgar and decimal fractions. If the Cadet be admitted the Head Master's certificate may be sent to Mr. Abington, clerk to the Military Seminary Committee at the East-India House, by the first convenient opportunity.

PAYMENTS. The Cadet will be required to pay £40 per annum into the Company's Treasury, and the payments must be made in advance, towards defraying the Company's annual expense for his board, lodging, and education, and for supplying him with the following articles, viz.

Books, stationery, mathematical instruments, drawing material, repairing his clothes, pocket money at the rate of 2s. 6d. per week, medical attendance, and washing; as also with a periodical supply of the following articles:

Jacket, waistcoat, black silk handkerchief, and foraging cap, half yearly; pants, boots and gaiters, quarterly; shoes, every two months; linen, when necessary in the opinion of the head master

The Cadet, upon the first year of his admission, will likewise be required to pay into the Company's Treasury the additional sum of £13. 16s. 5d. for which he will be furnished, at the Company's seminary, with the following articles by their contractor, viz.—one military great coat, one uniform jacket and waistcoat, two pair trousers, two ditto of gaiters, two ditto of military gloves, two ditto of strong shoes, two black silk handkerchiefs, a foraging cap, one military cap and feathers, with plate in front embossed with Company's arms.

The payments for the first year, therefore, will be £53. 16s. 3d. and £40 the succeeding years.

Necessaries to be provided by the Cadet when he joins the Seminary:—Ten shirts, six pair of cotton stockings, six pair of worsted ditto, six towels, six night caps, six pocket handkerchiefs, two combs, a brush, and a tooth-brush.

When the Cadet attends to be passed by the committee, he must give in the name and address of some friend residing in or on its vicinity who will receive him if he shall be dismissed or removed from the Seminary.

SECURITY. The Cadet will likewise be required to give in the names of two persons (housekeepers) to be his security against damage to the Company's premises, or the head master's property, and also to reimburse the Company in the event of his not going to India in the Company's service.

PROHIBITION. The Cadet must not join the Seminary with a greater sum than one guinea, and a further supply from any of his relations during the term may subject him to dismission from the Seminary.

VACATIONS. Midsummer commences 17th June, ends 31st July; Christmas commences 22d Dec. ends 31st Jan.

At the close of every vacation, the cadet must apply at the Cadet Office at the East India House for an order for his re-admission, and all sums then due to the Company must be paid up. This order will express that he is only to be readmitted upon his returning with the same number of books and instruments which he took home with him, and that his linen be put into proper repair.

As the parents or friends of many of the cadets reside in Scotland, Ireland, or other distant parts, and cannot have the cadets under their control during the vacations, arrangements have been made for the continuance of such cadets at the Seminary; and also of such other cadets as may be desirous of devoting their holidays to the advancement of their education.

The expense attending the board and lodging of the cadets during the vacation will be charged to their relations or friends, at the rate of two shillings and sixpence per diem.

CAVALRY OR INFANTRY CADETS.

Cadets nominated for either of the above corps must be 16 years of age, and under 22, unless they have held a commission and actually done duty in his Majesty's service for one year, or in the militia or fencibles for the same period, they are then eligible, if not more than 25 years of age; and they must procure similar certificates and vouchers to those prescribed for cadets entering the seminary.

ASSISTANT SURGEONS.

Regulations for their Admission into the Honourable Company's Service.

AGE. Not to be under twenty years: in proof of which he must produce an Extract from the Register of the Parish in which he was born, or his own Affidavit.

QUALIFICATION. A Diploma from the Royal College of Surgeons of London, or of the Colleges of Surgeons of Dublin or Edinburgh, or of the College and University of Glasgow, or the Faculty of Physicians and Surgeons of Glasgow, is deemed satisfactory as to his knowledge of surgery. The above testimonials must be produced upon his receiving his nomination from a member of the Court of Directors. The Assistant Surgeon will then be sent to Dr. Chambers, the Company's examining Physician, with the undermentioned letter:

"Sir, I have the commands of the Committee for passing Military appointments, to request you will please to examine Mr. ———, and certify whether he is now qualified in physic to serve as an Assistant Surgeon at any of the Company's Presidencies in the East Indies; and if not, at what period you think he may be sufficiently qualified to obtain your certificate."

The following regulations have been resolved on by the Court, in reference to the examination by Dr. Chambers:

That every person nominated an Assistant Surgeon be required to pass an examination in the practice of physic, in which examination will be included as much anatomy and physiology as is necessary for understanding the causes and treatment of internal diseases, as well as the art of prescribing and compounding medicines.

That upon the Assistant Surgeon presenting himself to Dr. Chambers, he be required to produce to him satisfactory proof of his having attended at least one course of lectures on the practice of physic, and above all, of his having attended diligently the practice of the Physicians at some General Hospital in London, Edinburgh, Dublin, or Glasgow, for at least six months; and that unless he produce such proof, it be deemed a want of proper qualification, and be immediately reported as such by the examining Physician, to the Committee for passing military appointments."

The Assistant Surgeon will likewise be required to attend one course of Dr. Gilchrist's Lectures in Hindoostanee, for admission to which he will have to pay not more than Three Guineas; and previous to his passing the Committee, he will be required to produce Dr. Gilchrist's certificate of his having so attended.

The Assistant Surgeon will finally be required to execute covenants in the Secretary's Office and find security in two persons to the extent of £500, jointly and severally for the due performance of these covenants.

PASSAGE MONEY. If the Assistant Surgeon should proceed in one of the Company's ships, he will have to pay £95 for his accommodation at the Captain's table, or £55 for his accommodation at the Third Mate's mess; and his passage money must be lodged in the hand of the Company's Paymaster, for the said Captain or Third Mate.

APPOINTMENTS NOT TO BE PURCHASED.

At a Court of Directors, held on Wednesday, the 9th August, 1809—Resolved. That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect by himself or by any other person, with or without his privy, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself or with his privy, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

PASSAGE MONEY TO CADETS.

Upon the friends of each cadet paying the regular amount of the passage money to the Company's paymaster, such cadet be required to sign a declaration, upon honour, that he has not paid, or caused to be paid, nor will pay or cause to be paid, either directly or indirectly, by himself, or by any person on his behalf, any further sum for his accommodation, either to the commander or mate, than those prescribed by the Court's regulations:

In the event of its appearing at any future time, that a further sum shall have been paid by, or for any cadet, such cadet will be placed at the bottom of the list of rank of the season in which he was appointed.

SUPERINTENDENT OF CADETS.

To obviate as far as practicable, the extreme inconvenience to which cadets are liable, on their first arrival in India, from incurring exorbitant expenses at Taverns, to which they generally refer, before any arrangement can be made for their occupying quarters in Fort William, an Officer has been appointed under the immediate orders of the Town Major, to receive charge of all cadets arriving from England and retain command of them, until they proceed, under orders from His Excellency the Commander in Chief, to join a Regiment.

It is the special duty of this Officer to supply Cadets with Servants; to see that they are settled in Quarters; and generally, to protect them from the extortion and impositions of Native Agents.

On the arrival of a vessel from England, this Officer will immediately be apprized of it; and of the number of cadets on board, if any, in order that suitable arrangements may be made for their reception.

The Superintending Officer dines daily with the Cadets, and Breakfasts with them, at least twice a week, for the purpose of keeping up that perfect regularity so essential to Mess Institutions; and in order to enable him to assist the Gentlemen cadets in procuring servants, and such articles as may be necessary for their immediate comfort, the Presidency Pay Master is authorized to advance Two Hundred Rupees on account of each cadet, on the receipt of the Superintending Officer accompanied by a Certificate of arrival from the Town Major, this advance to be separately accounted for to each individual, and any balance remaining, to be finally made over on his quitting the Mess, the total advance being ultimately deducted in Monthly instalments of 50 Rupees by the Pay Master on the Division, within whose circle the Corps to which cadets are attached, may be respectively situated.

The above arrangement being made with the sole view of assisting cadets on their first arrival in India, it will be entirely optional with them to avail themselves of it; and it is hereby intimated, that those who may have friends in Calcutta, are not required to join the Mess in Fort William.

FURLOUGH REGULATIONS.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their

rotation to be absent on furlough, and the same rule is applicable to assistant military surgeons.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs may be allowed a furlough for one year without pay, on furnishing an affidavit of the urgency of the case, in which the circumstances are to be briefly noticed.

Officers after arrival at the Presidency, and to address their applications, for furlough to the Adjutant General, enclosing therein a Certificate from the Presidency Pay Master and Accountant to the Military Department, if there being no demands against them (or in lieu thereof an Engagement on the part of some respectable Agency House) and also a medical Certificate from a Presidency Surgeon, countersigned by the Examining member of the Medical Board if the application be grounded on ill health. A Certificate signed by the Pilot of the date of dispatch of Vessels, in which Officers embark to be sent to the Adjutant General and also to the Secretary to the Government Military Department.

A chaplain after seven years residence in India is allowed to go home on furlough and receive the pay of major. Should he go home from sickness prior to this period of service, he is allowed the pay of captain only.

A conductor of stores is allowed furlough pay, only in case of going home from sickness.

Officers going to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they arrived, and their address, forwarding at the same time the certificate they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong, at the expiration of the three years furlough unless they shall have obtained an extension of leave from the court six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence, on account of sickness, must transmit with their letter of application for such leave, a certificate signed by at least two gentlemen eminent in the medical profession, describing the nature of the applicant's complaint, and stating it to be their opinion that the circumstances of the case render a compliance with his request absolutely necessary. Also previously to such extension on furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence, as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness are to furnish a certificate of two eminent physicians, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty, or to reside a further time in England.

No officer who has failed to obtain an extension of Furlough, will be considered eligible to return to the service after five years absence under the Act of the 33, Geo. III. chap. 52 sect 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

OFFICERS RETURNING TO INDIA.

Regulations as to the charge of Recruits.

At a Court of Directors, held on the 23d December 1830.—Resolved, that when over a detachment of Company's recruits to the extent of thirty men, shall be em-

backed on any one ship, they shall be placed in charge of the Senior Company's of ficer, not exceeding the rank of a field officer, who shall have obtained permission to return to his duty on the ship, within at least seven days of the period fixed for her embarkation :— That the officer proceed with the men from the depot :— That, as a remuneration for this service, he be granted the passage-money of his rank :— And that the commander of the ship be authorized to draw on the company's paymaster for the same.

PRECLUDING THE RETURN TO THEIR DUTY.

OF MILITARY AND OTHER OFFICERS AFTER AN ABSENCE OF FIVE YEARS.

"No officer who shall have held any civil or military station whatever in India, in the service of the G. I. Company, being under the rank or degree of a member of council or commander in chief of the forces, and who, having departed from India by leave of the Governor General in council, or Governor in council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India either in the European or native corps of troops, or in the civil line of the Company's service: unless in the case of any civil servant of the Company, it shall be proved to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the proprietors assembled in general court, specially convened for that purpose whereof eight days previous notice of the time and purpose of such meeting shall be given in the London Gazette, or unless, in the case of any military officer, it shall be proved to the satisfaction of the said Court of Directors and the board of commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident. 33. Geo. III. Cap. 52. Sec. 70.

A lieutenant having served thirteen, or an ensign nine years in India, including three years for a furlough, may retire on the *half pay* of his rank in case his health shall not permit him to serve in India.

A subaltern officer, or military assistant surgeon, having served six years in India is permitted to retire on the *half pay of Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty two years* without having a furlough; in that case he is allowed *two years* before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers in future retiring from the Service, shall be considered to have retired from the date of their application to that effect, or from the expiration of two years from the date of their landing in the United Kingdom, whichever shall first happen; and all Casualties by Death in Europe after the expiration of the same period of 2 years from the date of landing, shall be considered to have occurred from the date when that period expired, notwithstanding in both cases the Officers may have received an extension of Furlough. G. G. O. No. 230 of 1824.

BOAT ALLOWANCE.

REGULATIONS.

G. G. O. 16TH DEC. 1816. The Right Honorable the Governor General in Council is pleased to authorize Officers of His Majesty's Service who become Supernumerary to the complement attached to Regiments, to draw the Half Batta, and the House Rent, (if not furnished with quarters) of their Regimental Rank, during the time they may be detained in India, also Boat Allowance from the Station at which their Corps is stationed, to the Presidency, when directed by the Commander in Chief to proceed by water.

G. G. O. 19TH SEPT. 1818. The Most Noble the Governor General in Council is pleased to publish the following resolutions of Government, on the subject of Boat Allowance to Officers: viz.

1. Whenever a Regiment, or any number of Troops or Companies of a Corps move by water, the proportion of Officers of all Ranks regularly belonging to, and on the establishment of such Regiment, or Companies of a Regiment as the case may be, will naturally move with their men, and draw in course the Boat Allowance of their ranks in addition to their Tentage.

2. If from a deficiency of Officers, or other cause, the Commander in Chief shall consider it necessary to order any additional Officers, of whatever rank, to join and go duty with such Regiment or Companies of a Regiment, His Excellency will be pleased to represent the case to Government, when Boat Allowance in addition to Tentage will be granted to the requisite number of Extra Officers.

3. In the case of drafts, detachments or recruits proceeding to join Corps by water, or of Invalids, Supernumeraries, or time-expired men returning to Fort William, Boat Allowance in addition to Tentage, will be granted, on the representation of the Commander in Chief, to the following proportion of Officers.

To any Detachment under 30 men, one Subaltern. If above 30 and under 60 men, two Subalterns; and so on in the same proportion; with the addition of one Captain for every Detachment, consisting of not less than three or more than five such Subaltern's parties. Two Captains for Six and not more than eight such parties, and so on, also with the further addition of one Field Officer for every Detachment, consisting of not less than three Captain's parties as above detailed.

4. The names of all Officers appointed to do duty with Detachments as Extra Officers with Regiments, or Companies of Regiments proceeding by water, are to be specified in General Orders or Division, or Station Orders, (as the case may be) for the convenience of more readily adding their Bills.

5. The Governor General in Council extends the indulgence of Boat Allowance to all Caets, Assistant Surgeons, and Subaltern Officers, on their arrival for the first time in Bengal, and being ordered to join a Regiment; the same indulgence is extended to Gentlemen appointed in India to Commissions in His Majesty's Army or in the Local Corps; to Ordnance and Warrant Officers, and generally to persons newly appointed and, for the first time, proceeding to join their Corps or Station; but Officers and others profiting by this indulgence, are to cease drawing their Tentage from the day of their being ordered to embark and join until the expiration of the period for which they received Boat Allowances.

6. His Excellency the Commander in Chief, will be pleased, in all possible cases, to employ individuals of this last description on duty with Detachments, where Extra Officers drawing both Boat and Tent Allowances, shall be required, under the provisions of the 2d and 3d Clause of the order. This preference will reduce as much as possible the charge which must be incurred by the indulgence now granted to all young Officers on their first arrival.

7. One Medical Officer will always be permitted to proceed on duty with every Detachment of Europeans, and such Officer will be permitted to draw Boat Allowance in addition to Tentage.

8. Whenever the Commander in Chief, may be of opinion that the presence of a person conversant in the Language is essentially necessary with a European Detachment, and that none of the Officers attached to it, or proceeding to join Corps on Boat Allowance under the 7th Clause of this Order, are competent to the duty in question, His Excellency will be pleased to recommend any Officer qualified to officiate in the capacity of a Linguist, such Officer will be permitted to draw Boat Allowance in addition to Tentage.

9. In all other cases, except those above specified, Officers drawing Tentage are invariably to proceed at their own expence on any duty on which they may be sent unless ordered specially by water in charge of Troops, Stores, or Treasure, by the Commander in Chief, with the sanction of Government previously obtained. When any particular occasion appears to His Excellency to call for special indulgence, such

case is to be referred for the decision of the Governor General in Council in the first instance agreeably to the practice in regard to all matters creative of expense, unless when the Commander in Chief may be in the Field, or when a pressing emergency shall appear to a General or other Officer in Command to be such as shall justify him in ordering Boat Allowance on his own responsibility. In such cases, the General or other Order shall be considered by Paymasters as a sufficient warrant for immediate Payment of a Boat Allowance Bill, and the necessary sanction to the Audit Department for adjusting the same, will be issued by Government on the representation of His Excellency the Commander in Chief.

10 The regulations now laid down, are not to be considered as affecting in any way Half pay or cashiered Officers, whose cases are provided for by General Orders of 16th December 18'6.

G. G. O. 27TH MARCH 1819.—With reference to General Orders of the 19th of September last defining the Situations in which Officers would be permitted to draw Boat Allowance, the Most Noble the Governor General in Council is pleased to publish the following additional Rules.

Whenever a Lieutenant, Colonel, Major, or Cadet is for the first time, permanently Posted to a Corps he will be permitted to draw the Boat Allowance of his Rank, from the Cantonment in which he may be doing duty, to the one where his Regiment may happen to be stationed, altho he may have been previously receiving Tent Allowance with the Corps, to which he had been temporarily attached, provided that prior to his being finally posted, he shall not have been in the receipt of Full Regiment Allowance, for the Term of 8 Months.

It is to be clearly understood, however, that Officers drawing Boat Allowance under this Regulation, shall forfeit their Claim to Tentage during the period for which Boat Allowance may be drawn.

G. G. O. 14TH APRIL 1821.—Misapprehension appearing to exist as to the extent which the special indulgence of Boat Allowance sanctioned by Government to Cavalry and Horse Artillery Officers when ordered to repair to Ghazepore, for the purpose of admitting Horses into the Service, the property of the Honourable Company, is extended to embrace, the Most Noble the Governor General in Council notifies to the Army, that return Boat Allowance to his Corps, can only be passed to an Officer who may actually have been serving with it at the period of his nomination to the Committee; Officers absent from their Regiments when appointed to the Ghazepore Committee, will draw Boat Allowance from the Station where that order may reach them to Ghazepore, and in return thence to such Station provided it is not below Benares.

STRAITS OF SINGAPORE.

FORT WILLIAM, DECEMBER 27, 1822.

The Most Noble the Governor General in Council is pleased to direct, that the following Copy of a Notification received from the Government of Prince of Wales Island, be published for general information.

PUBLIC NOTIFICATION.

The Honorable the Governor in Council is pleased to direct, that the following instructions for passing through the North East Entrance into the Strait of Singapore, from the Straits of Dryou, by a Route newly discovered by the Commander and Officers of the Honorable Company's Cruiser Prince of Wales, called "Phillip's Channel" be published for general information.

Directions for passing through the North East Entrance into the Straits of Singapore, (from the Straits of Dryou,) or Phillip's Channel.

After clearing "the Middleburgh Shoal," either to the Eastward, or Westward a direct course may be steered for Cap Island, which lays near a Bluff Head Land on the Eastern shore. This Island bears, North East by North from the centre of the Middleburgh Shoal and North North East $\frac{1}{2}$ East from the centre of Red Island; on the bearing there is an extensive Reef of Rocks, distant one mile to the North West of the Twins, with a working wind and standing to the Northward, a Vessel ought not to approach too near it; this Shoal of Coral Rocks, is dry at low water, spring tides; when on it, the North passage Island bore South, Sabon Hill West, the Island of Red Island, South and by West, the soundings are from ten to seventeen fathoms round it, at ebb tide. After leaving Red Island, Pulo Duncan is the first Island that will be distinguished from the groupe of Islands forming the Eastern shore. Pulo Duncan are two low wood'd Islands bearing North East $\frac{1}{2}$ North distant eight miles from Red Island; in passing to the Westward, it ought not to be approached nearer than one mile, as there are some Rocky Reefs, which surround it; from hence Cap Island will be seen, and bears North distant four miles and a half from Pulo Duncan, the soundings are from twelve to seventeen fathoms. Cap Island or Rock so named from its appearance, is a Rock of perpendicular sides, flat at the top, and about forty feet in height and surrounded by a Reef of Rocks projecting out about three hundred yards, the soundings near it are from ten to fourteen fathoms, decreasing as you near the Island between it and the "Bluff Head Land," is a Reef of Rocks on which account it would not be advisable to go to the Eastward of Cap Island.

When abreast of Cap Island, Long and Round Island, and the Rabbit and Coney may be distinctly seen, a direct course may be steered to pass in Mid Channel, between Round Island and Eastern Shore, which is three and a half miles across, the soundings are from seventeen to twenty-two fathoms. Long and Round Islands ought not to be approached nearer than three quarters of a mile, as there are Rocky Reefs round them. In working and standing to the Westward of the South end of Round Island, go no further to the Westward, than to bring the North to the West end of Long Island, or with the centre of the Rabbit, as there are four Rocky Reefs to the South West of Red Island; when on the South East end of the Southern Reef in a bear, Red Island was in one, with the Rabbit, the centre of Round Island East $\frac{1}{2}$ South, the Soundings are irregular near these Shoals and Long and Round Islands.

After passing Long and Round Islands, Singapore can be distinctly seen and a course ought to be steered for St. John's to clear the Buffalo Rock and a patch of dry Rocks to the South West of the Buffalo.

The following Precedence of Rank is established between the Officers of the Bombay Marine, and those of the Company's Ships, viz.

Commodore of the Bombay Marine

Commanders of the Company's Regular Ships

This Joint Stock Company, was instituted at Calcutta on the 29th of January, 1822, for the purpose of granting Policies for fixed sums on the lives of individuals enjoying good health; on whose demise the said company oblige themselves to pay the sum assured to their heirs executors or creditors, within 3 Months.

Medical Adviser.—J. Mellis, M. D. No. 1, Mission Row.

The object of the institution of the Laudable Society is to provide a Fund for the Insurance of Lives, whereby Individuals may secure a Provision for their Families after their death, or Creditors may guard themselves against loss in the event of the decease of their debtors.

The Laudable Society differs from an Office for the Insurance of Lives, (as such Offices have been generally constituted in European Countries;) in that the whole Fund of the Society accumulate for the benefit of the Insured, and of them alone: that no Insurer reaps a profit from the Institution, and that even the charges of management are regulated on so economical a scale, as scarcely to form a sensible burthen on the Establishment.

It differs both from a Life Insurance Office and from most of those public associations into which certain orders of the community are frequently induced to enter for the purpose of providing a Fund for the maintenance of their Families after their death; in that it does not profess to ensure any specific sum of Money or Annuity to the representatives of the deceased, but merely their proportion of such sum as its accumulated fund shall eventually yield. This uncertainty, however, is entirely in favor of the Insured; for on the one hand, by the ultimate division of the funds, he derives the utmost possible benefit which any Life Insurance could afford him without positive loss to itself; while on the other hand, he is perfectly secured against that disappointment to which the contributors to public Charitable Funds are not unfrequently liable, from the total failure of a scheme founded on false or over-ambiguous calculations. The Members of the Laudable Society have a certainty of benefitting to the utmost extent proportioned to their respective contributions, and either more or less.

The Subscriptions to the Laudable Society are portioned into certain Shares, and though the rules of the Institution do not warrant the precise sum which each share is to yield in case of a lapse of Life subscribed on, an approximation to that sum may be obtained from the result of former Societies. In the Third Laudable Society, each Share on a lapsed life yielded about Sa. Rs. 164, exclusive of the regulated advance of 1,000. The present state of the Funds of the Laudable Society now about to close, justify the expectation that the holders of shares on lapsed lives will not receive less than Sa. Rs. 3,500 in addition to the prescribed advance already drawn. The difference in the productiveness of Shares in the two Societies respectively may be chiefly ascribed to an unusual mortality amongst the Insured in the last two or three years. Notwithstanding the high premium which the Government Six per Cent. Loan Securities continue to bear, without any imprudence a share in the Fifth Laudable Society may be taken as covering the risk of Sa. Rs. 9,000, and at the close of the Institution, the holder of a share on lapsed life may justly expect to receive an addition at least of Sa. Rs. 500 out of the profits accumulated on the Funds. The Fifth Laudable Society will commence on the 1st January, 1822, and its rules will be found to agree essentially with those of the Fourth, except in respect to the term of its duration. The period for this, in conformity to the general wishes of Subscribers is fixed at Five Years.

Bengal Provident Society.

DIRECTORS.

John Palmer, David Clark, Rod. Robertson, Henry Mathew.

[Instituted]

The chief object in view of the original Supporters of this Institution being to afford an opportunity to parents and Guardians to secure a provision to Children on

their advancing to the age of maturity by means of a moderate deposit, the period of 14 years was decided on for the duration of each Class as most eligible for such a purpose, and considered especially advantageous for the improvement of property by the powerful operation of interest.

This Institution is perpetual, as a new Class, will commence on the 1st of January every year, and a dividend will become due to the surviving Members of the respective Classes on the expiration of the 14th year from that in which they respectively commenced. The dividends will be very handsome, and fluctuate in a greater or less degree with the number of Lives which may occur in each Class, but in all cases each share will yield sufficient to satisfy moderate expectations, and the Society will encounter the views of those who desire larger eventual incomes,—the Regulations admitting of an increase of 20 Shares on each Life.

Shares are Rs. 200 each for Infants under 6 months, and proportionally higher (not exceeding Rs. Rs. 350) to the age of 27 years, when the rates of premium gradually decrease with increase of age to Rs. Rs. 200. The Subscriptions are due at the time of entry, and no subsequent collections are required therefor; the Subscribers are neither subject to annuities, nor forfeiture of their subscription; and it is highly beneficial to continue the payments in every successive class as at the end of first 14 years a series of successive dividends will be established, which may be continued for life.

The Third Class opens on the 1st January, 1825, and Certificates will be granted on the 31st December next.—Intending Subscribers are the more invited to put in their applications for admission, to the Office of Messrs. PALMER AND CO. Treasurers of the Society, to the Undersigned, who will supply printed Regulations, of the Society, and attend punctually to all orders.

Secretary, D. McDonald.

Medical Adviser.—J. Mellis, M. D. No. 1, Mission Row.

Agents.—Madras, Messrs. Parry and Co. Bombay, Forbes and Co. Penang and Singapore, Carnegie and Co.

The association was established on the 19th of May, 1820, for the benefit of Subscriber's leaving to their Widows and Children a monthly allowance, after their demise, on paying sums hereafter mentioned.

The Society is divided into 3 Classes as follows:

First. (Or permanent) Class. To pay for one share a donation of 10 Gold Mohurs, and 1200 Sa Rs. Subscription, if under 25, and above that proportionable in a ratio, according to age, which exempts the subscribers for life, from any further contributions.

Second Class. To pay a donation of Ten Gold Mohurs, and the sum of 1200 Sa. Rs. Subscription per annum for one share if under 25 and above that proportionable in a ratio, according to age.

Third Class. To pay a donation of 5 Gold Mohurs, for one Share if under 25 and above that proportionable in a ratio, according to age, and a subscription of Sixty Sa. Rs. for every year thereafter.

N. B. Subscribers have a vote in the General Management, and no more than one share can be held on one persons life, although subscribers may hold an unlimited number on separate and distinct lives.

GENERAL LIST OF BRITISH INHABITANTS of Calcutta and the Upper Provinces ; of the British Settlements of Singapore and Penang and of the Foreign Settlements of Serampore, and Chandernagore.

A
LIST
OF THE
BRITISH & FOREIGN
Inhabitants of Calcutta
AND THE
UPPER PROVINCES,
CORRECTED TO
JUNE 1,
1825.

The generally acknowledged want of a full and correct List of British Inhabitants has been so much felt and so often complained of that the Compilers of this Work have taken very considerable pains to make the List now offered to the Public as complete as circumstances will permit. They are fully sensible, however, that some errors may still exist and they therefore solicit all who feel an interest in its accuracy, and who may be able to give any additions or corrections, to favor the Publishers with communications on the subject and thereby enable them to make the necessary alterations. As the whole List is kept standing in Type and is published three times in the course of the Year, they hope, in time if the assistance they solicit be accorded, to make it as perfect as possible.

To enable the Sheriff of Calcutta, the Coroner and others concerned to distinguish who are liable to serve on Juries, the following distinctive marks have been attached to the names of persons who are not liable to be summoned on that duty, viz.

** East Indians.*

† Foreigners.

Should these marks be omitted to any name or improperly affixed to those who are strictly speaking "British Subjects" and consequently liable to serve on juries—the necessary corrections will be immediately made on the Publishers being furnished with the means.

Individuals whose occupations, dates of arrival, or residences are incorrectly stated, or wholly omitted for want of information are requested to communicate on the subject with the publishers at the Hurkaru Library, who will be happy to make the necessary additions or alterations.
